DLM 17 is now available, [click here](#) for further information

A new Accreditation pack (August 2010) has been introduced for Adult TTE, and candidates sitting the October 2010 exam will be expected to use the revised version. However candidates who have previously taken the examination and are due to submit logbooks by end December 2010 will have the option to use either the new or previous version. BSE ask however, that candidates clearly state which version they have used when submitting their documentation.
