

## Welcome to the BSE / How to log on

Last Updated Wednesday, 01 April 2009

This website is designed for the benefit of all BSE members. If you see an area you feel can be improved upon, would like to include a local meeting, submit an interesting case study or make any comments please feel free to contact us. The more input we receive from you (the membership) the more relevant the site will become.

You will find surveys, case study areas, a forum and many other interactive areas, please take the time to join in as BSE are very keen to gain closer links with membership issues and needs.

If this is your first time on the site, and you are a BSE member, please key in your membership number into both the boxes to the left under Member Login. This will allow you to access the members only areas. Once logged on please go to "my details" to change your password to something more secure. Please also check that your correct email address is entered.
